Dear Citizen's

Hutto Fire rescue is seeking your assistance! Hutto Fire Rescue is asking for your partnership in our "Adopt a Fire Hydrant" program. In the event of a fire it is important that the Fire Department gain access to a water supply via a fire hydrant as quickly as possible. That way, the fire can be extinguished and prevent loss of property and/or life. Your assistance in this program ensures that the fire hydrant is clear of debris, accessible, and functioning properly. There is no fee associated with this program. All that we are asking is that if you are interested in this program chose a fire hydrant in your neighborhood you would wish to adopt. Attached is a list of what your fire hydrant needs. Fire Hydrants are self sufficient, and require no maintenance from you. If your adopted fire hydrant needs assistance just contact Hutto Fire Rescue.

If you chose to participate in this program fill out the attached application and a certificate of adoption will be sent to you.

If you have any further questions you can contact Hutto Fire Rescue at 512-759-2616, or email prevention@huttofirerescue.org.

Respectfully,

Scott D. Kerwood
Fire Chief

Fire is Everyone's Fight™
