Community: Williamson County ESD No 03

Dear Chief Scott Kerwood:

Insurance Services Office (ISO) has submitted a recommendation concerning your community's Public Protection Classification (PPC). Currently, the community's Public Protection Classification is a Class 02/10.

Insurance Services Office is recommending the classification be updated as a split Class 01/10 with an effective date of 8/1/2023. The recommendation is based on a review of your community performed on 9/6/2022.

With a split class, all class-rated properties located within 5 road miles of a fire station will use Class 01. All class-rated properties located farther than 5 road miles of a fire station will use Class 10.

Public Protection Classifications range from 1 (superior) to 10 (does not meet minimum criteria).

We have reviewed the information provided and believe it is enough to grant approval. The Insurance Services Office will be notified of our approval of their recommendation and the effective date.

Please make sure all community officials and residents within your district are notified of the new Public Protection Classification rating for your community, and the effective date.

Please share your experience with your Public Protection Classification grading by taking a brief survey at the following link.
